

## How to Redeem Codes Online

1 - Click the link provided.

2 - Scroll to the middle of the page where a green button says "Redeem Tickets". You will want to click the button based on the ticket code you are using.

3 - You will be redirected to a page where you will select which game you would like to attend. You will then hit the blue "Buy Tickets" button when you have selected the date of your game.

4 - This will open to a page that shows what sections are available for the game you chose.

5 - Select the seats you are looking for and hit the blue "Buy" button.

6 - Click "Review Order" at the bottom of the page.

7 - You will be directed to a page showing the breakdown of your tickets. You will need to click the "Add Discount Code" button to apply your voucher codes. When you are finished click the "Continue to Payment button".

8 - You will then see a "Payment Page". You will enter your card information for the fees that you have seen prior to this page. (Processing fees, parking, etc.)

9 - Select the delivery method that works best for you. It is free to download the tickets as the delivery method. Delivery by mail typically has a charge. This is not a Ticketgrabbr charge. This varies by team.

12 - Scroll to the bottom of the page and you will see an overview of your tickets, processing fees if applicable, and any other add on options offered through this experience. Once you confirm all of the information is correct you will hit the "Buy Tickets" button.

13 - Once you hit that button, your tickets will be delivered to you in what method you chose prior to this page.

14 - Enjoy your game!
